

Alaska Performance Scholarship

An invitation to excellence, extended to students, parents and educators alike.

The following Alaska Postsecondary Institutions are approved to participate in the Alaska Performance Scholarship (APS) Program for the 2011-2012 academic year.

Generally, at regionally accredited institutions, a program resulting in a certificate, associate's degree, bachelor's degree or higher is approved for the APS, with rare exceptions. This includes career and technical education programs offered at those institutions.

Programs at career and technical institutions are individually evaluated and approved for the APS. The list of approved programs at such institutions is included below.
