Heads up, artists of Steller! Yearbook is hosting an awesome new design contest, where your artwork can be used as the cover of this school year's yearbook. If you are a Steller student with a talent for art, take part in this great opportunity. Voting will be done by the yearbook staff, and if your cover is chosen you will receive a FREE copy of next year's finished yearbook, complete with your winning cover art. If you are serious about creating original artwork for all of the Steller community to see, please contact Svetlana about further details.

Please note that it is cheaper to purchase the Yearbook during this quarter.
