

Pricipal Reed -

My name is Ellen Hamel and I am the new scholarship chair for the Greatland Section of the Society of Women Engineers (SWE); you may have heard from Sarah Smith, our previous chair, in past years. I am contacting you regarding our 2015 SWE Greatland Scholarship.

Each year we distribute our scholarship invitation across the state to female high school seniors who are planning to pursue a degree in engineering. Attached is this year's scholarship application. The application will also be posted on our website at www.swealaska.org<<http://www.swealaska.org>>. We have formatted the application so that the forms can be filled out on the computer before printing for a professional presentation, although hand-written forms are acceptable as well.

Please forward this to your network of educators, counselors, and parents that may know of an interested and eligible applicant. We live in a big state and SWE knows that the school contacts are regularly changing from year to year. Our records show that you are a contact for Family Partnership Charter School; if this is not correct, please let us know and we will update our records as appropriate. Please do not hesitate to contact me if you, or the applicant, have any questions.

Respectfully,

Ellen Hamel

SWE-Greatland Section Scholarship Chair
