

KCC Summer Program Class Descriptions – SPECIALTY CLASSES

The url for signing up for summer school <http://tinyurl.com/kccsummer2016> The following are short descriptions of the all day classes held during summer school at KCC. The combined Aviation classes are held at Merrill Field. All the rest are at KCC. No bus transportation is offered this year.

Intro to Aviation: This class is an excellent intro for students to become aware of careers and opportunities in Aviation. A short day lecture will address the many types of aviation careers followed by a fun hands-on activity such as Pneumatic Rockets and Glider Design. Students will then rotate into Aviation Maintenance which covers the careers of Aircraft Mechanics. Students will get experience using actual airplane simulators and work in the actual environment of pilot and airplane mechanics. Class is held at Merrill Field in the UAA Aviation Center.

Intro to Travel and Tourism- 10 or more Field Trips to Exciting and Fun Places A fun class to learn about tourism in our state. Lots of jobs available in this career field.

- Visit Anchorage! Trolley Tour of downtown Anchorage and Tourist Information Center
- Enjoy Anchorage Market & Festival and Music in the Park
- Visit Earthquake Park and guest speakers who were in the 1964 Earthquake
- Visit Alaska Public Land Info Center for 100th Anniversary of our National Parks
- Visit the Alaska Railroad depot visit and Ship Creek restoration area
- Participate in a Behind the Scenes visit through our terminals at the Ted Steven's International Airport
- Participate with and interact with Guest speakers from the Airline industry
- Linguistic Specialist from the Alaska Humanities Forum will do Alaska Native Language Mapping and story telling
- Participate in Anchorage Conventions Centers Behind the Scenes tours
- Put together a Photo Portfolio to share with their family, friends, and visitors to Alaska!
- Will earn Customer Service and Alaska Cultural Host Certification

Microsoft Office Specialist 2013 Certifications Students will be learning the Microsoft Office Bundle using Jasperactive, an online training program. They have the opportunity to earn certifications in the following programs: Office 2013, Word, Excel, PowerPoint, Access, Outlook, Expert Word, Expert Excel, and One Note.

Wilderness Camp: Choose one week May 31-June 3 and June 7-10
1st week Kenai Fjords 2nd week Chugach National Forest Students will camp out for two nights and do fun outdoor activities for three days. River rafting, glacier walking, hiking, glacier bay viewing, etc. Additional information and flyers were sent in separate email. Feel free to make out copies and hand to students

Emergency Trauma Technician: Emergency Trauma Technology delivers basic emergency care knowledge and skills for the student who will provide the first emergency care. The objective of the first person on the emergency scene is to recognize the needs of the victim and deliver quality care to the patient, minimizing discomfort and preventing further complications. This is a hands-on, fast paced course. Upon completion of the course the student will have the availability to take the ETT State written and skills exam, which will earn them a certificate.

AHA-CPR for the Healthcare Provider is another certificate offered upon completion at the cost of \$5

AHA-CPR HCP is a required certification for E.T.T

Industry Certification Class
