Accommodation

We transport all students on arrival and departure day to/from LAX airport to the UCLA campus.

Students reside on the University of California, Los Angeles campus. Rooms are doubles with shared facilities on the hall. Breakfast, lunch, and dinner are provided on campus. Our on-site team lives in the residence with our students, and provides for their well-being. They chaperone their activities, are available to parents and students 24/7, and supervise check-in in the dorm every evening.
