GET HANDS-ON

SERRC's CTE and Civics Camps offer students experiential learning opportunities in the Capital City. With **Alaska Close Up**, students will be face-to-face with the three branches of government, interacting with elected and appointed officials and their staff. **Career Connections** camps allow students to explore a wide variety of career, education and training opportunities with hands-on preparation and site visits. The health career iterations of this program focus on the diverse healthcare fields – among Alaska's most lucrative career paths.

"It was awesome! It definitely helped me realize how many jobs are available in the medical field."

The tours were amazing."

Health Career Connections Participant

"It's fun, it's a great experience, and it's worth missing out on basketball games to go to Close Up."
