

BOB

Myth to Media

Grade Level: 7-12

Course Length: Intensive

This intensive looks at world mythology throughout history and how it has been adapted and interpreted into different media. We will be reading myths, discussing them, and looking at how and why adaptations occur. Students will be choosing their own myth and adapting it to their choice of media as well.

Credit Count: Elective

Climate Change Solutions:
Avoid a Dystopian Future

Instructor: Becky

Cost: Free

Join young people around the world in your knowledge and ability to act on climate change solutions. Speakers about climate change solutions, science, and policy will teach you what you need to know to do a project on climate change. Play games in class to learn about climate change possibilities, and read a dystopian novel of a model for the future. And finally, find food for a minimal impact on our climate.

Dance Intensive

Teachers: Augustine and Troy Cost: \$17

Throughout this intensive you will have a chance to explore and learn Ballet, Contemporary/Modern, Jazz, and other techniques in dance. This intensive will be an opportunity to increase coordination, flexibility, strength, and balance. Students will get a chance to learn and create choreography in various styles of dance by the end of the two weeks.

LEARN TO KNIT, CROCHET & FELT

Learn the basics of three fiber arts in two weeks. Knit a hat or scarf, crochet a pillow or a small blanket and felt accessories for both!!

Week 1:

1. needle felting small objects
2. mechanical felting decorative object accessories
3. crochet a comforter or scarf etc.

Week 2:

1. knit a scarf – basic technique or challenge yourself with more complicated techniques.
2. (time permitting) knit a wool hat to felt and decorate with week 1 felted objects.

Credit: .25 elective

Cost: \$80 (give or take \$15) less if no time for wool hats

Grade: 7-12
