

Anchorage School District

Dear Member of the Steller Secondary School Community:

We are currently in the process of selecting the next principal for Steller Secondary School. This letter is to help you understand how this process will work.

Two events will occur that involve school community members. The first is the *Characteristics Identification* survey that involves the school community, and the second is an *Open House* to which members of the school community will be invited to meet the new principal of your school.

The characteristics survey link is provided with this letter and paper copies are also available in the Steller Secondary School office. Your responses will provide information to the Secondary Education Division and ultimately to the Superintendent about the characteristics your school community values in a principal. If you choose to submit a paper copy of the survey, you may return it to the Steller office, the Secondary Education Office located in the Administration Building at 5530 East Northern Lights, or scan to Secondary_Ed@asdk12.org or fax to Secondary Education @ 742-4225 by **April 9**, 2021.

The second part of the process involves all members of your school. There will be an *Open House* at Steller Secondary School in the fall. At this open house your new principal will be available for you to meet and become acquainted.
